

TITLE I NEWSLETTER

Welcome to the 2025-2026 School Year

Greetings, Esteemed Stakeholders of JCSD,

Welcome back to the 2025-2026 school year. We are excited about the opportunity to serve and serve well. This year, the Office of Federal Programs plans to work extensively to increase parent, family, and community engagement within our district! We want to hear from and engage with you, so we can ensure we are meeting the holistic needs of our scholars!

If there is anything we can do for you, please feel free to reach out by phone or email, and we will be sure to get back in touch with you. Again, we look forward to working with you and understand that:

"It takes an active village to be an effective Title I district!"

Director of Federal Programs
and Strategic Planning

● Purpose of Title I, Part A

The purpose of Title I, Part A is to help local school districts improve teaching and learning in high-poverty schools and help children failing or at-risk of failing meet challenging state academic standards.

This purpose is accomplished by such efforts as follows:

- Providing an enriched and accelerated educational program;
- promoting schoolwide reform through schoolwide programs or through additional services that increase the amount and quality of instructional time;
- significantly upgrading the quality of instruction by providing staff in participating schools with substantial opportunities for professional development; and
- affording parents meaningful opportunities to participate in the education of their children at home and at school.
